PROGRAM INFORMATION

What is the 21st Century Community Learning Centers Program?

The 21st Century Community Learning Centers (21st CCLC) program supports the creation of community learning centers that provide academic enrichment opportunities with a focus in reading, math, and enrichment.

How is the 21st CCLC Program Different from the Regular School Day Activities?

21st CCLC is offered before or after the regular school day as well as on selected Saturdays throughout the school year and during the summer months. The enrichment activities offered in 21st CCLC are real-world based activities that require students to apply the skills they have learned during the school day. Oftentimes enrichment classes are multi-disciplinary, whereby the student uses academic skills from multiple subject areas. Enrichment activities also broaden students' experiences by including the arts, recreation, civic, and cultural activities.

Eligible Participants

The goal of 21st CCLC program is to have as many students and parents as possible participating in afterschool academic and enrichment opportunities. All interested parties must register with their home schools or the Haywood Community Learning Center staff.

Fee Structure

There are no fees to parents or students associated with 21st CCLC. The program is provided through a federal grant and Haywood County Schools.

Registration and Enrollment

Students and parents can obtain registration information as well as registration forms from the front office of your school, or through the Haywood Community Learning Center staff. All participants must complete the 21st CCLC registration form, and have a parent signature if applicable.

Goals & Outcomes for our students, families:

- Through participating in the 21st CCLC program we expect to see increased academic achievement in English/Language Arts, math and science
- Participants in the 21st CCLC will increase their academic achievement through participating in academic and other enrichment activities/lessons
- Students' relationships with teachers and staff will improve and result in a decrease in disciplinary referrals, an increase in homework completion, and an increase in regular class attendance and participation
- Through increased academic achievement, participants will remain in high school, graduate, and develop post-secondary plans
- Participants will engage in activities that provide opportunities for, or will lead to, apprenticeships/internships

Daily, Weekly, and Monthly Schedules

Students/ Parents will be given those schedules at program orientation (see Appendix). The Haywood Community Learning Center will operate on the schedule approved by the Haywood County Board of Education.

School Holidays, Early Release Days, Inclement Weather

School Holidays - 21st CCLC will not operate on school holidays. Sites may have 21st CCLC opportunities during the week of spring break, and potentially other school holidays. Those will be indicated on the master monthly calendar.

Early Release Days - 21st CCLC will not operate on early release days.

Inclement Weather - 21st CCLC programming will follow the Haywood County School District guidance in operating afterschool programs if inclement weather is possible. If school is dismissed early, or cancelled, all 21st CCLC programs will be canceled as well. Should inclement weather arrive after the regular day dismissal, students and families should contact the HCLC before traveling to determine the school's plan to abbreviate the day or provide services.

Fieldtrip Information and Requirements

All students wishing to take part in a 21st CCLC field trip must have parental consent forms signed and returned by appropriate deadlines, indicating transportation needs, and parent contact information for that particular day. There will be no out of state or overnight field trips associated with 21st CCLC program.
